Notes for Examining Physician

WEIGHT.—Males, without clothing, and also in ordinary clothing without overcoat or hat (weigh twice); females, clothed, but without wrap or hat. If overweight, state whether due to bone and muscle or to fat.

HEIGHT.—Without boots or shoes; observe that no appliances are used to increase.

The examination should include the following observations:

1. **Eyes.**—Ptosis; discharge; corneal scar; pterygium. In recording distant vision consider 20 feet as normal and report all vision as a fraction with 20 feet as numerator and the smallest type read at 20 feet as denominator. If glasses are used, record for each eye the finding with and without glasses. Near vision must be reported. In testing vision without glasses the applicant or appointee should be instructed to remove the glasses at least one-half hour before testing uncorrected vision.

2. **Ears.**—Evidence of middle ear or mastoid disease; condition of drums; discharge. In recording hearing, record 20 feet as normal distance for conversational voice and record deviation from normal as fraction with 20 as denominator and actual distance as numerator.

3. **Nose.**—Ability to blow through each nostril. If free, a speculum examination would not be indicated.

4. **Mouth and throat.**—Missing teeth, pyorrhea; tonsils, hypertrophy or disease.

5. **Gastro-intestinal.**—Ulcers, inflammations, etc.

6. **Thyroid.**—Presence of tumor in neck and tremor, exophthalmos; nervous high-strung disposition, especially in women.

7. **Heart.**—Murmurs. State whether functional or organic. If valvular disease exists, state whether or not it is fully compensated. Arteriosclerosis.

8. **Lungs.**—It is necessary that the auscultatory cough be used. If tuberculosis is present, state whether active or arrested; if arrested, state your opinion as to how long it has been quiescent. Sputum to be examined for tubercle bacilli in all suspected cases.

9. **Hernia.**—Give details as to size, location, etc., and whether well-fitting truss is worn. Inguinal hernia exists when ring is enlarged and on coughing visceral impulse is felt which follows the finger on withdrawal.

10. **Varicocele.**—If varicocele is present, state approximate size—e. g., size of walnut, lemon, etc.

11. **Flat foot** of such a nature as to incapacitate or become aggravated by work or be alleged later to have been caused by accident or occupation. By "flat foot," as used in this form, is meant a weak foot with impaired function, the term being equivalent to "fallen or misplaced arch," an abnormal condition. Impairment of function is the point to be noted. An anatomically flat foot, but strong, is not disqualifying.

12 and 13. **Scars, deformities, atrophies, and paralyses** should be noted, but it is not important that small insignificant scars or blemishes which might be referred to as marks of identification be recorded.

14. This entry should include symptoms and full history of any mental or nervous abnormality.

15. **Urinalysis** to be made in case of persons over 40, and in all cases where arteriosclerosis, nephritis, or diabetes is suspected, and when obesity is found on examination.

Mr. JOSEPH K. HEYMAN of the Joseph K. Heyman Company, Candler Building, Atlanta, stated that Mr. HAMMER has worked for him since February, 1947. He stated that he considered Mr. HAMMER's reputation excellent, that he had an excellent character, and his honesty and loyalty could not be questioned, in the brief time that he has known him. Mr. HEYMAN stated that since Mr. HAMMER has worked for him they have become very closely associated in their business and social life. He advised that HAMMER is able to get along well with people; that he did not know of any organizations that Mr. HAMMER belonged to, but that he did know HAMMER graduated from the University of North Carolina and worked on his Master's degree under a Rockefeller scholarship at Harvard; that he had worked in the past for Senator LaFOLLETTE, and was one of the Administrative Assistants during the war for UNRRA in Washington. Mr. HEYMAN stated that he had never heard anything derogatory about HAMMER.

Mr. CALVIN KYTLE, 2043 Northside Drive, stated that he had known Mr. HAMMER since February, 1946, and worked directly with him until January, 1947, in a new company called South Associates, Inc., which was organized by HAMMER for the purpose of publishing a Southern magazine, but is not active at this time. KYTLE stated that HAMMER broke his relations with the Southern Conference for Human Welfare because of some of their views. Mr. KYTLE stated that he believed that his reason for leaving this organization was similar to his own; that he, KYTLE, also belonged to the SCHW but broke his relations with the organization when he discovered that they did not intend to carry out the purposes that are held out to the public.

It is noted that Mr. ROTH stated that he was a village trustee and that he was a chairman of the local draft board at Brooklyn, New York. Concerning the applicant's wife, Mr. ROTH stated that MORRELL married a local girl of a good family background and that at the present time, the applicant supports his mother-in-law, who lives with him in their home in Brightwaters, New York. Mr. ROTH stated that about the only thing he could say about the applicant that would not be complimentary was that during the war, MORRELL displayed some evidence of conceit because he was a commissioned officer in the Navy, and was of superior to some of his friends, all of whom entered the Navy in the same status, but not all of whom attained the rank that DONALD CLARK MORRELL did.

Mr. ROTH stated that the applicant was a good athlete and that he engaged principally in playing golf, and was well liked by his fellow golfers. Mr. ROTH stated that to his knowledge the applicant was not happy in his employment as a liquor salesman. Doctor FETT stated that DONALD MORRELL is an intelligent young man and comes from a very good family. He advised that MORRELL'S father is in the wholesale liquor business, and at one time was on the stage as an entertainer. He was not sure of the type of entertainment which the applicant's father worked at, but it was his belief that he was a "song and dance man". According to Doctor FETT, the applicant is dependable, reliable and of good character. Doctor FETT further stated that to his knowledge there is a good family relation between the applicant and his wife and that the applicant is a very respectable son to his parents. Doctor FETT stated that to

NY 67-14921

him this was an indication of good character.

Concerning the applicant's drinking, Doctor FETT stated that MORRELL drinks occasionally although he personally has never heard nor seen him act in any manner which would be unbecoming to a gentleman. Doctor FETT stated that he had discussed the applicant's behavior with his own son and that he was assured that the applicant had always conducted himself in a proper manner.

Doctor FETT stated that he knew of nothing which would cause him to hesitate to recommend the applicant for any position for which he was qualified to fill. He stated that he was positive that the applicant and his family were good American citizens and had never expressed themselves in any way which would indicate any sympathies with any foreign ideas.

Doctor FETT advised that the applicant was known to the Assistant United States Attorney of the Eastern District of New York, JAMES SAVER.

Mr. SAVER advised the writer that he has known the applicant for about fifteen or twenty years and that he comes from a good family and his background is excellent. Mr. SAVER stated he knew of nothing derogatory concerning MORRELL and that he would recommend him for any position for which MORRELL was qualified to fill from the character view point.

It was ascertained that the PEEL RICHARDS LTD. company is the successor to the Brooklyn Wine and Spirits Company of the same address. Mr. ABRAHAM SOBEL, one of the owners of Peel Richards Ltd., and the sales manager for the company, advised that the Brooklyn Wine and Spirits Company's records were available concerning the applicant. Mr. SOBEL advised that according to the records DONALD CLARK MORRELL was first employed by the Brooklyn Wine and Spirits Company in December 1945 and that his employment continued with Peel Richards Ltd. when that company took over on May 1, 1947.

NY 67-14921

before they can be employed as wholesale liquor salesman."

Mr. SOBEL advised that he is well acquainted with the applicant's father, CLARK MORRELL, who is in the wholesale liquor business and who is highly regarded in the business. He stated that the applicant's father is connected with Schenley Distillers Company.

Mr. SOBEL stated that DONALD MORRELL was a satisfactory employee but that he personally could observe that MORRELL was not the type of individual who would do well as a salesman in a diversified territory in the liquor business. Mr. SOBEL stated that for this reason, he had been contemplating making a change. With reference to MORRELL, SOBEL would not explain just what he meant by this statement but stated that this did not mean that they were going to discontinue MORRELL'S employment. He explained the statement by saying MORRELL would probably be given a territory to sell which contained mostly package liquor stores. According to SOBEL, the applicant was not the type who would do a successful job selling to bars and taverns because he was too clean-cut and of too good a character. Mr. SOBEL stated that in order to sell liquor successfully to bars and taverns, a salesman must be able to and willing to mingle with the trade and be willing to "cut corners".

SOBEL stated that from his observations, MORRELL was not this type of individual, that he could do nothing under-handed, and that he was of an excellent character. He stated that MORRELL was likable, was a good worker and got along very well with his fellow salesmen. He further stated that MORRELL was a good American, patriotic, and had never expressed or indicated in any way any ideologies which were foreign.

Mr. SOBEL stated that if MORRELL desired to continue his employment with the Peel Richards Ltd., that he could continue such employment for as long as he liked.

Both solicitor's permits and the papers relating thereto were examined by the writer and no adverse or derogatory information concerning the applicant was noted.

Mr. SCHMIDT also made available a sales permit issued to the applicant's father, CLARK MORRELL, which reflected that CLARK MORRELL was employed from 1930 to 1934 as a vocalist for R.K.O., and that from 1935 to date,

NY 67-14921

he had held various sales jobs with various wholesale liquor concerns, and that he is presently employed since August 1944, as sales manager by the Schenley Distillers Corporation.

The records of the New York State Liquor Authority Bureau failed to reflect any derogatory information concerning the applicant's father.

This applicant has been known to Special Agent FRANK W. MULDERIG since MORRELL enrolled as a student in the Law School of St. John's University, Brooklyn, New York, in September 1946.

The applicant has a neat appearance and a pleasant personality. He appears to be conscientious in his attendance at the Law School and in the preparation of his school assignments.

Judging from his recitation in class and from conversation with the applicant, he seems to be above average in intelligence.

MORRELL has stated that he served in the armed forces during the war. He has never at any time indicated by his conversation that he harbors any unpatriotic or un-American tendencies.

MORRELL became interested in applying for a position with the FBI after he had discussed generally with MULDERIG the requirements for the position of Special Agent and Special Employee Agent. MORRELL also has been advised generally of the duties of a Special Agent.

Special Agent MULDERIG has no knowledge of this applicant other than that obtained through association with him at St. John's University Law School.

EXPERIENCE

Village of Brightwaters, Brightwaters, N.Y., Village Police, June 1-September 1, 1941.

Applicant's services were satisfactory.

Applicant's services were satisfactory.

Brooklyn Wine & Spirits Inc., Brooklyn, N.Y., Salesman, December 17, 1945-April 30, 1947.

Favorable. Peel Richards Ltd., took that company over on May 1, 1947, and applicant's employment continued with them.

Peel Richards Ltd., Brooklyn, N.Y., Salesman, since May 1, 1947.

Mr. Abraham Sobel, one of owners of the Co., stated that applicant was a satisfactory employee but that he personally could observe

that applicant was not the type of individual who would do well as a salesman in a diversified territory in the liquor business. Mr. Sobel stated that for this reason, he had been contemplating making a change. With reference to applicant, Sobel would not explain just what he meant by this statement but stated that this did not mean that they were going to discontinue applicant's employment. He explained the statement by saying applicant would probably be given a territory to sell which contained mostly package liquor stores. According to Sobel, the applicant was not the type who would do a successful job selling to bars and taverns because he was too clean-cut and of too good a character. Mr. Sobel stated that in order to sell liquor successfully to bars and taverns, a salesman must be able to and willing to mingle with the trade and be willing to "cut corners". Mr. Sobel stated that if applicant desired to continue his employment with the Peel Richards Ltd., that he could continue such employment for as long as he liked. Mr. James J. Moore, a reference given by applicant on his admission to St. John's Law School, advised that applicant was dissatisfied with his present employment because he did not like the people with whom he had to come in contact.

Re: DONALD C. MORRELL
Special Agent

Dear Sir:

Special Agent DONALD C. MORRELL has advised me that he would like to have his offices of preference listed as follows:

1. New York
2. New Haven
3. Newark

This is being made a matter of record in the Charlotte Office. However, it is my personal opinion that when this agent is considered for a transfer the Bureau should consider assigning him to a midwestern or southwestern office.

Very truly yours,

0 This is a 60-day efficiency report on Special Agent Donald C. Morrell who reported to the Charlotte Office on November 3, 1947, from the Training School.

Mr. Morrell presents a good personal appearance. He is sturdy, energetic, and possesses a very good personality. He dresses neatly and appropriately for his duties, has demonstrated initiative and is sufficiently forceful and aggressive for an agent of his experience.

This agent has worked on applicant investigations, Selective Service, Deserter, and Unlawful Flight to Avoid Prosecution cases. Most of his work has been submitted in rough draft form and these rough drafts have come in well prepared and in good order. He has dictated very little.

Mr. Morrell is a careful automobile driver and recently participated in a moot court session conducted in the Charlotte Office which he handled very well. This agent assisted in a raid to locate [redacted] a fugitive who is wanted for Unlawful Flight to Avoid Prosecution - Attempted Murder; although, the raid was unsuccessful, Mr. Morrell conducted his assignments in a commendable manner and I feel that he would function well on dangerous assignments under supervision. He should be able to operate on physical surveillances with success and will undoubtedly make good contacts with law enforcement officers and businessmen.

This agent has the ability to organize and initiate his investigations and proceeds without undue delay. To date he has accepted every responsibility assigned to him in good spirit and it has not been necessary to follow him repeatedly to get the work out.

Mr. Morrell is in excellent physical condition and can be assigned to investigations requiring arduous physical exertion.

In comparing Mr. Morrell with other agents in CAF-10 with his experience, he is rated as good with prospects for further and fuller development.

Dear Mr. Worrell:

I am in receipt of your communication of January 24, 1948, advising me of your desire to improve the educational qualifications which you now have and requesting consideration for an assignment to a field office when you are next transferred where you may be able to enroll in a part-time law school for the purpose of obtaining a legal education.

Although the desire to improve yourself and your value to the Bureau is indeed appreciated, I cannot assure you of any transfer in the immediate future which will permit you to carry out your plans. As you know, it requires a considerable period of time for a new Agent to become thoroughly grounded and experienced in the Bureau's complex work and the effort which must be expended by the individual Agent to achieve proper "seasoning" is not usually conducive to shouldering the additional responsibility of attending school regularly. Your wishes in this regard, however, have been made a matter of record for whatever consideration is possible in connection with any future assignments contemplated for you.

Sincerely yours,

John Edgar Hoover

Re: Completion of Law School

Dear Sir:

It has been brought to my attention that effective April 1, 1948, and thereafter, applicants for appointment as Special Agents must be graduates of recognized law or accounting schools.

I have completed two full years of law school at Columbia and St. John's Law Schools in New York City, and need only one more year to acquire my law degree.

I am at present assigned to my first office, which is Charlotte. My offices of preference are listed as New York, Newark, and New Haven. It is requested that consideration be given, when I am again transferred, to some city where there is an accredited night law school, such as Washington Field, Chicago, or New York.

This request is made inasmuch as I believe I would be of more value to the Bureau if a graduate of law school, and feel certain I can attend night law school with no detriment to my work as a Bureau Agent.

Very truly yours,

Donald C. Morrell

This agent presents a good personal appearance and is fortunate in possessing a warm personality. He dresses appropriately for his duties and has demonstrated that he has initiative, force, and aggressiveness. Mr. Morrell was rated by six stenographers in the Charlotte Office and was given a numerical rating of 2, indicating he is a very good dictator. In fact, he is considered one of the best dictators among the new agents who have been assigned to the Charlotte Office.

He is a careful automobile driver; he has testified with credit to the Bureau; he is qualified in the use of all Bureau firearms and can be used on dangerous assignments under supervision. He has, also, worked on physical surveillances with success.

Mr. Morrell has had good experience in the Charlotte Office, somewhat broader than is usual in that he has worked on road trips, has assisted in a resident agency, and has worked in the Charlotte Office; therefore, he has handled a large variety of work including criminal as well as civil cases. His reports, memoranda, and letters have come in in a satisfactory manner, indicating considerable interest in his work, thought, and planning. The volume of his work has been average for a new agent and at this time requires less than average supervision.

W This agent does not have any difficulty in making contacts with law enforcement officers or businessmen as he is by nature a good mixer and a fluent conversationalist. He is interested in many things and, therefore, is an interesting talker and yet he has the ability to be a good listener. He is able to organize and initiate his own work and investigations. He has accepted every responsibility which I have delegated to him in good spirit. He appears to be in excellent physical condition and can be assigned investigations requiring arduous activity.

Mr. Morrell has not had an opportunity to demonstrate whether he possesses supervisory or administrative capacities, yet I believe he does. This agent has indicated good possibilities for further development, and at the present time I rate him as good in comparison with other agents in CAF-10.

Rating: Good

DONALD C. MORRELL
Special Agent

This is a special efficiency report submitted on captioned agent in view of Bureau instructions by letter of February 4, 1949.

Agent MORRELL has been assigned to the Atlanta office since June 10, 1948. He has a good personality and the ability to meet people well, and he gets along well with his fellow employees. This agent has been on applicant investigations and general assignments in this office. His contacts with law enforcement officers and business contacts have been very favorable.

Agent MORRELL has impressed me as one of the best new agents. He is mature, willing, cooperative, and exercises good judgment. His work from an administrative standpoint has required a minimum of supervision. As previously noted, he is cooperative and enthusiastic; his whole attitude is one of desiring to improve himself, and volunteering for assignments. He has been receiving training for supervisory work in this office and has exhibited above average appreciation of the problems in the operation of a supervisory desk.

Within his grade I rate him Excellent.

DONALD C. MORRELL
Spécial Agent

This special efficiency report is being submitted in view of the writer's transfer to the Little Rock Division.

Agent MORRELL has been in the Atlanta Division since June 10, 1948. He makes a good personal appearance, has a pleasing personality and gets along well with his fellow employees.

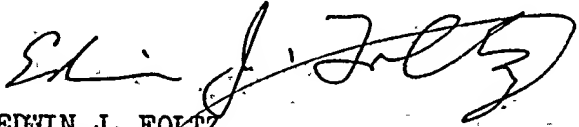

He has been assigned to work on road trips in the Macon, Georgia Resident Agency and in the Atlanta territory on general assignments and applicant investigations in the various categories.

He has experienced no difficulty in making contacts with law enforcement officers and business men. He has been assigned to numerous applicant cases which required interviews with prominent individuals in the Atlanta territory and in all instances has exhibited mature and sound judgment.

This Agent has improved considerably with experience in the Atlanta Division, he organizes and initiates his work and investigations well and his reports require a minimum of supervision. He appears enthusiastic and sincere in his desire for advancement in the Bureau and presents a wholesome and cheerful attitude towards his work.

He has testified before Federal Grand Juries in Atlanta and it is believed he would not experience any difficulty as a witness in a Federal Court trial. He has not been called upon to function on dangerous assignments but I would not hesitate to utilize him under proper supervision. He has not had any assignment which required supervisory or administrative ability. However, it is believed that with additional experience this Agent can be used in a supervisory or administrative capacity.

He is rated Excellent in Grade CAF 10.

DONALD C. MORRELL
Special Agent

Agent MORRELL has been assigned to the Atlanta office since June 10, 1948. He presents an unusually good personal appearance, has a friendly personality, and an ability to get along well with fellow employees and the public. He has a great deal of poise and makes a good impression.

The agent is rated as an excellent dictator by the stenographic personnel in this office. He has effected the apprehension of several fugitives in this office and I have no question that he would operate very satisfactorily on physical surveillances. Considering his length of service in the Bureau this agent has developed in an above average manner. His contacts with law enforcement officers and business contacts have been very favorable.

See
This agent has been outstanding in the development and supervision of his work. He has a very cooperative attitude and has been called upon to perform specialized assignments in this office. I specifically note that he has demonstrated a desire to improve his knowledge of Bureau functions and techniques. He has shown real ability in supervising his own work and seeing that his cases are properly handled, both from an investigative and administrative standpoint.

Agent MORRELL has been receiving supervisory training in this office.

I rate him Very Good in Grade CAF 11.

RE: DONALD C. MORRELL

Dear Sir:

Reurlet June 16, 1949.

The Bureau does not approve your request to utilize the captioned Agent as Relief Supervisor in the absence of you or the Assistant Special Agent in Charge. It is noted that he has been in the service only since August 18, 1948. His annual efficiency rating of March 31, 1949 rates him VERY GOOD, and despite your comments regarding his apparent potentialities, the Bureau feels that he should have more seasonings and developing in the service before being assigned to such important supervisory responsibilities.

The Bureau has no objection to your repeating your recommendation at a later date after Agent Morrell has had the requisite amount of general experience.

Very truly yours,

There are attached for the information of the Bureau and interested offices copies of a letter directed to this office by J. ELLIS MUNDY, United States Attorney for the Northern District of Georgia, expressing his appreciation for the work of the Bureau in connection with captioned case and particularly for the work of Special Agents DONALD C. MORRELL, of Atlanta, J. CALVIN RICE of Oklahoma City, and JOHN D. POPE of Birmingham.

As the Bureau knows, this was a particularly complicated case and raised a number of legal questions which gave the Court considerable difficulty, as well as the United States Attorney's staff and the Agents. Defense counsel were competent and exerted every possible effort on behalf of the defendant. I agree with Mr. MUNDY in his commendation of the work of the Agents, and particularly that of SA MORRELL who took over the case and digested it after it had already become voluminous while assigned to former SA BYRON H. MATHEWS.

DONALD C. MORRELL
Special Agent

Agent MORRELL makes a very fine personal appearance. He has a pleasing personality, an ability to meet people, and gets along with his fellow employees. He has a great deal of poise and makes a fine first impression. He is rated as an excellent dictator by the stenographers in this office, and because of his general make-up and the manner in which he handles himself I would not hesitate to use him on dangerous assignments or physical surveillances with supervision. Agent MORRELL's reports, memos and letters require only minimum supervision, as he takes care in the preparation of his work. He has shown ability to organize and initiate investigations, and accepts responsibility and discharges same without supervision. He appears to be physically fit, and has handled testimony in Federal Court, on which he has been commended by the U. S. Attorney.

Agent MORRELL is available for general or special assignment.

I particularly note this agent's willingness to accept suggestions or criticism, and his conscientious effort to improve himself in the handling of the Bureau's work. During the rating period he has been assigned to general criminal work for seasoning, and has closed a far above average number of criminal cases and handled a large volume of applicant work. He has shown his understanding of the problem of administering his work as reflected by the monthly administrative reports, which show that his delinquency has been far below the office average. During the past year Agent MORRELL has received a few routing slips and memos in connection with delinquencies and errors of form. During a self-inspection it was noted in one applicant case that an additional source could have been checked to determine the applicant's physical condition. These have all been considered in arriving at his adjective rating.

The Bureau's attention is directed to the fact that in a major Mail Fraud and ITSP case this agent received the commendation of the U. S. Attorney for his work in the prosecution of the case. This was a particularly complicated case, which

was reassigned to the agent, and it received a great deal of local press notice. The Director also wrote Agent MORRELL a letter of commendation for his splendid work in this case.

Predicated upon his experience and his accomplishments during the past year, he is rated Excellent.

DONALD C. MORRELL
Special Agent

Special Agent MORRELL makes a very fine personal appearance. He is trim, forceful, yet very much of a gentleman. The agent has made a very fine impression with law enforcement officers and business contacts in this field division. I particularly note the favorable impression which he made while working on a road trip basis in the Athens, Georgia, territory. At the time of his assignment I had been considering requesting his designation as resident agent in that territory, and I particularly sought to determine what type of impression he had made with law enforcement officers and court officials. It is noted that the reaction was very favorable.

The agent has had general investigative experience as well as security and loyalty type work. Since my assignment in this office he has been afforded the opportunity of receiving a considerable amount of field office supervisory training, and I note that he is conscientious and thorough in this type of work. His reports and memoranda require an absolute minimum of supervision, and he accepts responsibility and discharges same without being followed up. This agent has received commendation from the Director for his handling of a complicated mail fraud case involving one [redacted] and has also received favorable comment from the U. S. Attorney for the competent manner in which he assisted in the prosecution of this case.

b6
b7C

The agent's attitude toward his work is excellent. He is physically fit, and I would not hesitate to use him on dangerous assignments or physical surveillances.

Predicated upon my observation of his work since his last annual efficiency report, I believe he is entitled to the rating of Excellent within his grade. He is available for general or special assignment.

This employee entered on duty as a Special Agent on 8-18-47 in Grade CAF-10, \$4525.80 per annum, was reallocated to Grade CAF-11, \$5232, on 3-20-49, and as the result of one basic increase in pay, his present salary is \$5400 in Grade GS-11. He is eligible for a uniform promotion, effective 9-17-50.

On 3-31-49 and 10-12-49 SAC Bills rated him VERY GOOD.

By letter dated 11-22-49 he was commended for his excellent work performed in connection with a complicated Mail Fraud case involving [redacted]

On 3-31-50 SAC Bills rated him EXCELLENT and among other things said that during the rating period this Agent had closed a far above average number of criminal cases and handled a large volume of applicant work. He had shown his understanding of the problem of administering his work as reflected by the monthly administrative reports, which showed that his delinquency had been far below the office average. During the past year he had received a few routing slips and memos in connection with delinquencies and errors of form. During a self-inspection it was noted in one applicant case that an additional source could have been checked to determine the applicant's physical condition. These had all been considered in arriving at his adjective rating.

By letter dated 4-25-50 he was forwarded a Possible Club Medal for firing a perfect score on the Practical Pistol Course at Quantico, Virginia, on 3-25-50.

On 8-21-50 SAC Bills rated him EXCELLENT and said he made a very fine personal appearance and a very fine impression with law enforcement officers and business contacts. TO : Director, FBI ~~PERSONAL & CONFIDENTIAL~~ DATE: Sept. 19, 1950
FROM : SAC, Atlanta *1) Magham*
SUBJECT: DONALD C. MORRELL *2) Salpini*
SPECIAL AGENT *Mc*

It is recommended that the above be designated as resident agent at Valdosta, Georgia, to replace former SA WILLIAM H. CRAWFORD, who died on September 8, 1950.

Agent MORRELL entered on duty as an agent on August 18, 1947. Since being assigned to the field this agent has performed investigation in all types of Bureau cases, and is capable of performing the duties of a resident agent. Agent MORRELL is presently in Grade GS-11, and it is noted from the last efficiency report submitted under date of August 21, 1950, that this agent was rated as Excellent.

Agent MORRELL has had a great deal of experience in contacting officers in outlying sections of Atlanta as he has been assigned to cover the road trip territory covering Athens, Georgia.

For the information of the Bureau, the resident agency at Valdosta has had a considerable amount of work, particularly Interstate Transportation of Motor Vehicle cases. Valdosta, as the Bureau is aware, borders on the Florida line, which gives rise to numerous types of cases in which the Bureau has primary jurisdiction.

In view of the urgent need for a resident agent in this city, the Bureau's immediate consideration of this matter is requested, and in the event the designation of SA MORRELL is approved the Bureau is requested to notify this office by teletype.

AIR MAIL SPECIAL DELIVERYSUBJECT: BUREAU APPLICANTS -
ATLANTA FIELD RECRUITING PROGRAM*Donald C. Marshall*

Re SAC Letter #83, Series 1950, dated 11-17-50.

Hereinafter set forth are the specific steps which are being taken by this office to implement the Recruiting Program.

From the Georgia Accrediting Commission, a list with addresses of all graduates of accredited high schools in the Atlanta territory for the years 1947 through June, 1950, has been obtained. The female graduates are being circularized. This circularization originates with an informative letter directed to these individuals and requesting that they reply immediately if interested in seeking employment with the Bureau at Washington, D. C. With this initial letter the circular entitled, "Working for the FBI in Washington, D. C." is enclosed. To date, 8,321 graduates have been so circularized. When the reply indicating an interest in making application is received, a second letter is immediately forwarded to these prospective applicants, together with an application for employment and a questionnaire. If the addressee of this second letter is in the headquarters city or the immediate vicinity thereof, she is requested to execute the application form and questionnaire and appear in person at the Atlanta Office. If the addressee is located outside the immediate vicinity of the headquarters city, she is requested to execute the application and questionnaire and advised that she will be contacted in the immediate future concerning her application. Such a prospective employee is contacted without delay and interviewed in connection with her application in an effort to eliminate repetitious and unnecessary travel, the circularizations are to an extent made in a concentrated manner; that is, certain geographical areas are circularized and thereafter the required interviewing and investigative personnel are dispatched to those areas in order that the complete processing and investigations of the applicants may be handled expeditiously. In this connection, the territory of this division has been broken down into areas of North, South, East, and West.

824-1193

It was determined from the first circularization that after 55 prospective employees indicated an interest in making application and were interviewed that in several instances a delay would ensue.

due to the procrastination on the part of the applicant in executing the application and questionnaire and forwarding same to the Atlanta Office. This applies, of course, only to those who were favorably recommended. This delay has been practically eliminated, inasmuch as interviewing agents are now instructed, where necessary, to assist the prospective applicant in completing her application and questionnaire and the completed interview sheet, together with the application and questionnaire, are forwarded to the Atlanta Office for further processing and the institution of an investigation. In some instances, however, the prospective applicant must necessarily delay at least for a short period in forwarding the application and questionnaire, inasmuch as it is their desire to discuss the matter with their parents who are not always readily available.

In accordance with Bureau instructions, after the completion of an interview where the applicant is to be recommended favorably she, the applicant, is furnished a medical report form and requested to have same completed without delay and thereafter forward the completed medical report to the Atlanta Office. Self-addressed franked envelopes are in these cases furnished to the applicant for this purpose. At the same time it is pointed out to the applicant that her application is in no means complete and she cannot be fully considered for employment until after the medical report form has been forwarded by her.

Upon the receipt at the headquarters city of an interview sheet, application and questionnaire, the letter instituting the investigation is immediately prepared and assigned.

Frankly, the results of the initial circularizations to the 1950 graduates were disappointing. In many instances, it was found that the applicant was entirely too immature for favorable consideration. In other instances, as could be expected, the applicant was anxious to obtain employment with the Bureau in Washington but was confronted with parental objections.

Of the 8,321 letters circularized, 375 individuals have replied indicating an interest in seeking employment and have been interviewed. To date, 112 cases of applicant cases

RECORDED
INDEXED

have been placed under investigation. The circularization is continuing and upon completion, 21,000 graduates of accredited high schools in this territory will have been so circularized. This will cover the graduates for the years 1947 through June, 1950.

An Agent applicant investigation squad has been set up for handling the clerical applicant investigations in the headquarters city and the immediate vicinity. When a road trip or resident Agent territory becomes heavily loaded with applicant cases, certain Agents assigned to the headquarters city are dispatched to such territory for the purpose of cleaning up the pending applicant work there. The above mentioned North, South, East, and West geographical breakdown is proving very valuable in expediting and completing the applicant investigations.

As to Agent personnel approved by the Bureau to interview prospective applicants, the following are being utilized with Bureau approval:

ASAC JAMES J. RYAN
SA [REDACTED]
SA [REDACTED]
SA THOMAS H. DAVIS

In addition to these, Bureau permission to utilize the services of the following Agents in conducting clerical applicant interviews, is requested:

All Special Agent applicants will, of course, continue to be interviewed by me or the ASAC.

In addition to the above described circularization, all resident Agents and road-trip Agents have contacted the high schools, colleges, and business schools in their respective territories and the response from the administrative personnel of these institutions has been good in that they have besides advising their students generally concerning the Bureau's needs, in many instances furnished letters of recommendation of students whom they consider suitable applicants for employment with the Bureau. The several business schools, as well as all high schools and Junior Colleges, in the headquarters city, have similarly been contacted and in addition the colleges and accredited law schools in this territory have all been so contacted.

All office personnel in this office have repeatedly been requested to recommend any prospective applicants selected from among their friends and acquaintances and the Bureau's need for additional personnel is always tactfully mentioned in every instance where a Bureau representative makes a personal appearance, particularly during all speeches where such is considered discretionary.

The Agent personnel have contacted their respective ministers and the Bureau's recruitment has been made known to these clergymen and similarly all employees have been instructed to be on the lookout for possible Bureau applicants during their contacts with church groups. The State Adjutant and State Commander of the American Legion have been contacted and furnished with information concerning the employment opportunities at the Bureau, and the qualifications, and they in turn are endeavoring to determine from the American Legion Posts in the Atlanta territory where the best possibilities for the securing of applicants within the Atlanta Division for the Bureau are located. Upon receipt of information from the State Commander and the Adjutant, arrangements have been made for an immediate follow-up of any potential applicants.

For the Bureau's information, although the State Adjutant and State Commander of the American Legion have been contacted

AT 67-00

on a number of occasions, because of the National Convention of the American Legion and the preparation on the part of the American Legion Posts throughout the State of Georgia, for a gigantic reception for the new National Commander, EARL COCKE, JR., a native Georgian, the State Commander and Adjutant have been unable to give this matter expedite attention. However, they have advised that they are checking into this matter at the present time.

As instructed by the Bureau, all Agents during the course of their regular investigations do where commensurate with discretion, advise persons contacted of the present needs of the Bureau concerning additional personnel.

I am completely mindful of the Bureau's need for additional personnel, particularly clerical personnel, and I shall continue to give this matter my close personal supervision.

DONALD C. MORRELL
Special Agent

This is a special efficiency report in view of Agent MORRELL's transfer to the Washington Field Office.

Mr. MORRELL presents a very fine personal appearance. He gets along well with people and has shown a real ability in administering his work. I particularly note that this agent has gotten along well with law enforcement officers. Since the date of his last efficiency report he has worked a road trip territory, handling all types of cases including criminal, applicant and special investigations. Subsequent to that time I recommended having him designated as resident agent at Valdosta, Georgia. He was in Valdosta a relatively brief period of time. From personal observation during a recent trip to that city it should be observed that he did a very fine job of selling himself to the police and to business contacts in that area. I particularly note his well planned program of becoming a part of the community as a Bureau representative. I heard many favorable comments concerning his work in Valdosta.

During the rating period this agent, with others, was responsible for a very commendatory communication addressed to this office from the Director for the work of this office in recruiting clerical applicants for the Bureau during late 1950 and early 1951.

It should be particularly pointed out that some months ago, due to a very marked increase in applicant investigations, it was necessary to utilize Agent MORRELL on an emergency basis as relief supervisor. In the handling of this assignment Agent MORRELL demonstrated real ability to handle administrative responsibility. He also showed ability in getting work out of other agents. I particularly note that as a result of his thoroughness and diligence there was an absolute minimum of Bureau deadlines which were not met by this office.

JCB:CM

I believe that Agent MORRELL has a real future as an administrator in the Bureau. Predicated upon his accomplishments in this field division, I feel that he is entitled to the rating of Excellent in his grade.

SAC BILLS:

Agent MORRELL, during the rating period, was transferred to Valdosta, Georgia, as a resident agent, effective October 2, 1950. Prior to that time he had handled a general road work territory out of Atlanta, covering Athens, Georgia. I particularly note that he made a very fine impression with police officers on the road trip territory and I received much favorable comment, personally, from them. In addition, his paper work was such that I have no hesitancy in recommending him as Resident Agent in a territory some distance from headquarters city. Since his assignment as resident agent, he has demonstrated his ability to handle a large volume of work, to organize his work and his contacts in a very commendable fashion. His file reflects that I designated a copy of a commendatory communication from the Director to this office as a result of the 1950 emergency applicant program. SA MORRELL contributed a good part in this program. I have also had occasion recently to direct a memorandum to him commending him for performance of above average amount of voluntary overtime. I feel this Agent continues to deserve the rating of Excellent.

INSPECTOR GEARTY:

This Agent makes an impressive personal appearance and his personality and demeanor were good. He seemed mentally alert and confident, and to have above average ability to make contacts. He appears to be a thoroughly loyal and cooperative individual.

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

His personnel file has been reviewed and nothing was found which would warrant considering him unfavorably for reallocation to Grade GS-12. His last report of 2-20-51 was Excellent and his overtime record for the month of October 1950 was 2 hours 10 minutes; November 2 hours 31 minutes; and December 1 hour 56 minutes.

It is recommended he be reallocated to Grade GS-12, \$6400 per annum.

DONALD C. MORRELL
Special Agent
Annual Efficiency Report

This Agent presents a very good personal appearance and his personality is friendly enabling him to get along well with his fellow employees and business contacts.

This Agent has spent all except one month of the rating period assigned to the Atlanta Division. During his assignment there he worked a great deal on road trips where he handled all types of cases including criminal, applicant, and special investigations. While there he was designated as a Resident Agent and also served as a relief Supervisor on applicant matters. His work on these assignments was commendable.

During the rating period this Agent, among others, was responsible for a commendatory communication addressed to the Atlanta Office from the Director for the work of that office in recruiting clerical applicants for the Bureau during late 1950 and early 1951. Agent MORRELL reported to the Washington Field Office for assignment on February 26, 1951. His work here has consisted of Loyalty of Government Employees investigations. I have noted he has shown a good attitude toward this work and initiates his investigations very well. Although only a few reports have been submitted to date on Loyalty of Government Employees cases they appear to be well prepared. His dictation is very good and he is an able Typist but is unable to take shorthand. (He is in excellent physical condition and well able to perform arduous physical exertion and to participate in raids and dangerous assignments.) I have noted that this Agent is well able to drive an automobile.

The experience of this Agent has been varied although he has been in the Bureau only a short while. With more experience he should be able to handle the more complicated investigations. I am rating him in the upper third of his grade.

Rating - Satisfactory

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee DONALD C. MORRELL Title Special Agent
 Rating Period: from 1-1-51 to 3-31-52

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

DONALD C. MORRELL
Special Agent
Annual Performance Rating

This agent is a clean-cut, gentlemanly, energetic type of person, who makes a good impression upon the public. He is quick of action and physically in excellent shape, making him available for use on raids and dangerous assignments.

This agent has been assigned Loyalty of Government Employees cases during the rating period. He has indicated a decided interest in his assignment and is a willing worker. He accepts his work with a responsible attitude, is conscientious, and produces a good volume of work. His investigations indicate careful planning, levelheadedness, and thorough handling. There is no hesitancy in assigning any complicated or important type of Loyalty of Government Employees cases to him because experience has shown it will be well handled. The results he has obtained warrant the belief that he can handle the more complicated investigations. This agent takes pride in submitting good reports and toward that end organizes his dictation carefully and has shown an excellence in dictating ability.

In view of the above comments, I am rating him as Satisfactory.

SUBJECT: WEEKEND AND HOLIDAY DUTY

Donald C. Marrell

It is felt that to more equitably distribute weekend and holiday assignments in this office, additional Agents should be scheduled for complaint duty on Sundays and holidays. Diagnosis: Observation cardiovascular disease, not found.

Recommendation: There are no recommendations from a cardiovascular standpoint.

Comment: Past history reveals no antecedent illnesses which would predispose to heart disease such as rheumatic fever or diphtheria. There are no symptoms referable to the cardiovascular system. This man was referred because of an abnormal ECG, which on review, Colonel Mattingly and I believe to be within normal limits.

Cardiac examination reveals no abnormalities. The blood pressure is recorded as 116/66. The peripheral pulses are normal.

The EKG is interpreted as being within normal limits. Chest X ray shows cardiac silhouette to be of normal size and configuration.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: December 5, 1952

FROM : SAC, WFO (77-40136)

SUBJECT: DR. EDWARD CRAIG MAZIQUE
SPECIAL INQUIRY
WHITE HOUSE

Rebulet December 3, 1952.

Memoranda from Special Agent DONALD C. MORRELL and Special Agent HERBERT S. HAWKINS are forwarded herewith for the Bureau's information. It is noted that Agent MORRELL, during the course of the most recent inquiry, did go to the original source as is now required and in doing so learned that the informant now states she had no knowledge or proof of Dr. MAZIQUE's membership in the Communist Party.

At the time Agent HAWKINS prepared his report in the case of THOMAS A. WILLISTON, IS-C, on December 30, 1949, he used as a basis for his statement that MAZIQUE was a Communist Party member information contained in the report of former SA [redacted] dated June 7, 1949, in the case captioned, "UNITED NEGRO AND ALLIED VETERANS OF AMERICA - IS-C", (Bufile 100-344537).

The type of documentation required today, namely, going to the original source, was not followed in 1949, and the general rule was to use the information as it appeared in other Bureau communications without going back to the original source for additional checking.

Examination of the informant's reports discloses no information relative to Dr. MAZIQUE's Communist Party membership. Since no record can be found in the informant's reports, it is assumed that the information was given orally to former Agent [redacted] and it cannot be told whether he reported it erroneously or whether the informant made the error and attributed Party membership to Dr. MAZIQUE.

It is realized that the Bureau was put in an embarrassing position by having furnished information received from this office in 1949, which information was inaccurate. It is believed that the present procedures keep such an incident from occurring at this time, and you may be assured that every possible step is being taken to make certain that it does not occur again. Since [redacted] is no longer in the Bureau service, it is not recommended that any administrative action be taken in connection with the incident.

DATE: 12/5/52

FROM: DCM DONALD C. MORRELL, SA

SUBJECT: DR. EDWARD CRAIG MAZIQUE
SPECIAL INQUIRY
WHITE HOUSE

During the investigation concerning Dr. EDWARD CRAIG MAZIQUE, in December, 1952, considerable file review was necessary. All references to Dr. MAZIQUE contained in WFO indices were reviewed.

SA Morrell was aware that Bureau blind memo to the White House, dated July 16, 1952, regarding JEWELL R. MAZIQUE, contained information to the effect that Dr. EDWARD C. MAZIQUE had been identified by a reliable informant as a member of the Communist Party, and that this informant had noticed nothing that would reflect that Dr. MAZIQUE no longer embraced the Communist philosophy. In WFO copy of this memo, furnished when above investigation was instituted, the Bureau set forth the source of this information, [redacted] in the report of SA Herbert S. Hawkins, Washington, D. C., December 30, 1949, entitled Dr. THOMAS AUGUSTUS WILLISTON; IS - C, on pages 5 and 6.

b6
b7C
b7D

In order to be absolutely sure that any information to the effect that Dr. MAZIQUE was a member of the Communist Party contained in his report was correct, SA Morrell endeavored to ascertain the original source of such information previously reported. The initial reporting of this information was contained in the report of SA [redacted] Washington, D. C., June 7, 1949, entitled UNITED NEGRO AND ALLIED VETERANS OF AMERICA; IS - C, on page 9. No substantiation of this information was located in the original file of [redacted]. Therefore, SA Morrell contacted SA [redacted] who now handles informant, and pointed out the above situation. SA [redacted] thereupon recontacted informant specifically on this point, the alleged membership of Dr. MAZIQUE in the Communist Party. The results of this recontact were set forth in SA Morrell's report, reflecting that informant had no knowledge or proof of Dr. MAZIQUE's membership in the Communist Party, but disclosed his and his wife's Communist Party contacts and affiliations.

ENCLOSURE

WFO 77-40136

SA Morrell has no information as to whether the original information was in the first instance erroneously reported or if the informant was in error in her information.

The fact that there was a variance in the original information furnished the Bureau in 1949 and the information furnished in 1952 was pointed out to the Bureau by SA Morrell in his cover letter to the Bureau.

Recontact with the original source was in accord with current Bureau instructions.

DR. EDWARD CRAIG MAZIQUE
SPECIAL INQUIRY
WHITE HOUSE

Based on information contained in the report of Special Agent Herbert S. Hawkins at your office dated December 30, 1949, in the case entitled "Thomas Augustus Williston," (your file 100-13742) the summary of information furnished to the White House in July 1952, concerning Dr. Mazique's wife, Jewel, and Dr. Mazique contained the statement "An informant of known reliability identified Dr. Mazique as a Communist Party member in June 1949, and stated that since that date he had noticed nothing that would reflect that Dr. Mazique no longer embraced the Communist philosophy."

Your letter dated November 25, 1952, indicates that the information in the summary furnished to the White House concerning Dr. Mazique's being a member of the Communist Party in June 1949, is not accurate and that the informant was recontacted and denied knowledge of Dr. Mazique's being a Communist Party member.

Your letter did not indicate whether the information concerning Dr. Mazique's Communist Party membership was actually erroneous information furnished by the informant or whether different information was furnished by the informant and was erroneously reported to the Bureau to indicate Communist Party membership by Dr. Mazique in 1949. In either event, the Bureau is now in a position of embarrassment by reason of the inaccurate information which originated from your office.

You are instructed to furnish the Bureau with complete information as to why and how the Bureau was furnished inaccurate information as to Dr. Mazique's being a Communist Party member in 1949. Full and complete memoranda of explanation from the personnel involved must be submitted to the Bureau together with your recommendations as to any disciplinary action to be taken. This matter must be handled immediately.

Memo to Mr. Glavin (Continued)

Special Agent Donald Clark Morrell entered on duty 8/18/47 and has been assigned to the Washington Field Office since 2/25/51. He is in GS-12, \$7240 per annum. Morrell has a Bachelor of Arts degree from Colgate University and has studied law at Columbia University, St. John's University Law School and indicated his intention of completing his law training at George Washington University Law School in February, 1953. Morrell has been approved as a Relief Supervisor in applicant matters and his services in this capacity are only to be used in the absence of a regularly approved full-time supervisor. His name has been submitted for consideration for development on a long-range basis. This agent has been described by his various agents in charge as being capable of handling complicated investigations, particularly in applicant matters, such as Loyalty of Government Employees investigations. He is further described as mentally alert and confident and to have above average ability in making contacts. Morrell has been commended for the excellent manner in which he handled a complicated Mail Fraud case. It is also noted that he is a qualified Inspector's Aide.

Special Agent William S. Meehan entered on duty 3/31/47 and has been assigned to the Washington Field Office since 2/21/51. He is in Grade GS-12 at \$7040 per annum. Meehan has a Bachelor of Science degree, received from St. John's University, Brooklyn, New York. This agent has been described as above average in appearance and personality and showed a definite potential for development along supervisory lines. He is described as exceptionally well-groomed and possesses a very high degree of technical knowledge in applicant matters. He is further described as very thorough and it was noted that it appeared that his principal concern was that any report signed by him must not create any criticism or embarrassment to the Bureau. This was given as the reason for this agent's failure to achieve a high rate of productivity but the volume of work produced by him had been satisfactory. He possesses the proper degree of forcefulness and aggressiveness and possesses the further characteristics of impartiality and the ability to dominate a situation without being domineering. It was observed that he was slightly volative and rather talkative but these characteristics did not interfere with the proper performance of his duties. In the administration of the WFO, this agent was approved as an Assistant Supervisor on applicant matters for a three month

Memo to Mr. Glavin (Continued)

period. He has been recommended for advancement on a long-range basis. It was noted that he was censured in November, 1952, for the extreme delay on his part in setting out investigative leads in an applicant case. It was observed that while this agent had a number of other expedite assignments he should have realized that under the circumstances it was his responsibility to have taken some affirmative action in order to have secured relief so that the investigation would not have been subject to this delay. In April, 1949, he was censured in connection with his handling of an Unlawful Flight to Avoid Confinement case in which he submitted an investigative report containing numerous obvious errors. He was commended by his SAC on one occasion for his participation in a major National Stolen Property Act investigation and another instance was cited of a display of good judgment on his part in the apprehension of a fugitive.

Special Agent William David Temple entered on duty 9/3/40 and has been assigned to the Washington Field Office since 12/28/45. He is in GS-13, \$8360 per annum. Temple is a member of the Virginia State Bar, having attended the University of Richmond Law School. His agent in charge pointed out that because of his years of experience Loyalty of Government Employees cases, which were complicated and involved controversial and public figures, were assigned to Temple. He possesses a diligent interest in his work and his production is rated among the highest of the squad. He is further described as being resourceful, organizing his work properly, very aggressive, producing a great volume of work with his reports reflecting that he understood the problems involved, and requires very little supervision. On 3/7/51 he was censured and placed on probation as a result of a report submitted by him in the case of [redacted] b6 b7C

[redacted] Loyalty of Government Employees," in which Temple incorrectly attributed certain information to Senator Hubert Humphrey, when in fact he had secured this information from one of Senator Humphrey's subordinates. The information attributed to Senator Humphrey was not in conflict with the information which this Senator subsequently furnished.

On 11/8/44 Temple was advised that he had failed to attain a passing grade in an examination given during a recent inspection. He was censured by letter dated 6/29/44 for his carelessness in losing an automobile registration card and also gasoline ration tickets used

Memo to Mr. Glavin (Continued)

in connection with a Bureau automobile. On 5/19/43 Temple was censured because of his carelessness resulting in the loss of his Field Division Identification Badge.

RECOMMENDATION

It is recommended that the Agent in Charge of the WFO be advised that the Bureau has approved the assignment of Special Agents William S. Meehan, Donald C. Morrell and William D. Temple in making limited contacts at the White House in conducting applicant investigations of White House employees.

Disciplinary action taken against Meehan and Temple has been taken into consideration. However, the recommendation is based on the fact that these agents are described as above average and have had considerable experience in applicant matters.

There is attached hereto a letter to the SAC of the WFO which may be sent if the foregoing recommendation is approved.

Re: DONALD C. MORRELL
Special Agent

This agent entered on duty in the Bureau on August 18, 1947. Although he has been in the Bureau for a short period of time, he has had varied experience. At the present time, he is assigned to the Loyalty Squad. As an investigator, he has done an excellent job. In the past, he has received field supervisory training, in the Atlanta Office, and has been used as a relief supervisor in the Washington Field Office.

Agent MORRELL has shown good promise as a supervisor, and with more experience should be able to assume more administrative responsibilities.

of Special Agents Frank Waikart and [redacted] from the Personnel Section and the continuing work load it would be necessary to obtain replacements for these agents. This recommendation was approved and one of the replacements is presently under transfer to the Administrative Division. Special Agent Donald Clark Morrell of the Washington Field Office is being considered for the other replacement.

DETAILS

SA Donald Clark Morrell entered on duty with the Bureau as a Special Agent on August 18, 1947. He is presently in grade GS-12, \$7240 per annum. He is 34 years of age, married, has two children, has a Bachelor of Arts degree, and an LLB degree. His service record has been entirely satisfactory, it being noted that he has not been the subject of any disciplinary action. He was commended by letter on November 22, 1949, for the splendid work he performed in connection with the complicated Mail Fraud case involving [redacted]. [redacted] He was rated Excellent on his annual report of March 31, 1950, and Satisfactory in his annual reports of March 31, 1951 and 1952. On April 29, 1952, his SAC submitted his name for consideration for development on a long-range basis. On July 29, 1952, Bureau authority was granted to utilize his services as a Relief Supervisor. On February 19, 1952, SAC Hood advised that he considers Agent Morrell an excellent employee, and although he would hate to lose his services, nevertheless, there was nothing that would preclude his transfer to the Administrative Division at the present time.

The recommendation for the transfer of SA Morrell from the Washington Field Office to the Administrative Division has been set out immediately following the synopsis of this memorandum. His overtime for October, 1950 was 2 hours 10 minutes; November, 2 hours 31 minutes; and December, 1 hour 56 minutes. His overtime for March, 1952, was 1 hour 7 minutes. His daily average overtime for the month of August, 1952, was 1 hour 18 minutes.

SYNOPSIS

To recommend the transfer of Special Agent Donald Clark Morrell from the Washington Field Office to the Administrative Division with assignment in the Administrative Action Unit of the Personnel Section as a replacement for Special Agent Frank Waikart who has been transferred as Supervisor in Charge of the Records Section. Approval has already been given to fill the vacancy created by the transfer of Supervisor Waikart. A review of Agent Morrell's personnel file reflects that his service record has been entirely satisfactory and SAC Hood has advised he considers Morrell to be an excellent employee. Agent Morrell has not been involved in any difficulty which would preclude his consideration for this assignment and it is felt that he would be a desirable addition to the supervisory staff of the Administrative Division.

It is recommended that Special Agent Donald Clark Morrell be transferred from the Washington Field Office to the Administrative Division with assignment in the Administrative Action Unit of the Personnel Section.

BACKGROUND

You will recall that in my memorandum to you of January-15, 1953, it was pointed out among other things that due to the transfer

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out below.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out below.

DONALD C. MORRELL
Special Agent
Special Performance Rating

This special efficiency report is being submitted in view of Agent Morrell's transfer to the Seat of Government.

This agent has a pleasing personality and makes a good personal appearance. He has a wide-awake attitude, which makes a good impression with the general public. He is available for use on raids and dangerous assignments, being in excellent physical condition.

Since the submission of the last efficiency report, Agent Morrell has been assigned Loyalty of Government Employees cases and Special Inquiries of an applicant nature. He has accepted this type of work with interest and a good sense of responsibility. The problems involved in his work are readily appreciated and understood by this agent. He is a willing worker, conscientious, and his production is above average. His investigations are thorough, and reports prepared by him are excellent. Because he uses good judgment, and has so ably conducted his investigations, he has been assigned the more complicated and important cases in the above categories. He organizes his dictation well, and his ability is excellent in dictation. His work during this period has indicated that he can handle the more complicated investigations which the Bureau must conduct.

During the rating period, Agent Morrell has been approved by the Bureau as a Relief Supervisor and occasionally has been used in such capacity. He has been trained as an Inspector's Aide and is qualified to assist Inspectors.

In view of the above comments, I am rating him as Satisfactory.

OFFICE MEMORANDUM

UNITED STATES GOVERNMENT

TO : Mr. Ladd
FROM : Mr. Rosen

DATE: February 5, 1953

SUBJECT : SPECIAL INQUIRIES
WHITE HOUSE EMPLOYEES

DONALD C. MORRELL

PURPOSE:

To Recommend that existing policy with respect to prohibiting contacts at the White House by the Washington Field Office be altered to allow a selected group of Washington Field Agents to review necessary personnel files and ascertain the identity of fellow employees of the subjects of our inquiries.

DETAILS:

We presently have under investigation twelve hold-over employees at the White House all of whom appear to be clerical personnel. It is understood that the White House Staff has approximately 250 employees that have not previously been investigated by the Bureau and upon whom requests for investigation may or may not be received.

In view of the number of these inquiries presently on hand and the possibility of additional such inquiries, it is thought desirable to have Washington Field Agents, rather than a Liaison Representative, obtain access to the personnel files of these employees, some of whom have been at the White House for an extended period of time, and also be allowed to obtain the identity of fellow employees who they will subsequently interview concerning the character, loyalty and associations of the personnel under investigation. In order to avoid confusion it is believed desirable that these interviews of fellow employees be conducted at the employees' homes rather than at their White House employment.

RECOMMENDATION:

That the attached memorandum to Washington Field be approved authorizing appropriate contact at the White House and instructing that no interviews of fellow employees be made at that place but rather at their homes.

APPENDUM:

SAC Hood, Washington Field Office, has selected the following experienced Special Agents to be used on these assignments: William D. Temple, William S. Meehan and

Donald C. Morrell.

On March 16, 1953, SA Morrell reported to the Administrative Division under transfer from the Washington Field Office and the transfer report was prepared on him in the Washington Field Office covering the period from April 1, 1952, to March 13, 1953. Since SA Morrell has been assigned to the Administrative Division for less than two weeks of the rating period, the transfer report of March 13, 1953, will be considered his Annual Performance Rating report and no additional report will be prepared.

SA Morrell was advised to that effect by SA on April 3, 1953.

SUBJECT: SPECIAL AGENTS

 Los Angeles Division
Personnel Matter

In response to your request for an explanation for the delay in handling the captioned matter, the following information is submitted: Los Angeles letter of March 11, 1953, initially reporting this matter, was received in the Chief Clerk's Office on March 17, 1953. The matter was assigned to SA Supervisor Donald C. Morrell and a memorandum was prepared and sent through together with permanent briefs of the agents' files under date of March 25. However, you disagreed with the recommendations that no administrative action be taken against either agent and it was returned to the Administrative Summary Unit by SA Supervisor on a date which cannot now be determined.

In accordance with your instructions, the memorandum was revised by Supervisor Morrell and again sent through under date of March 30, 1953. However, it was returned by Mr. Mohr with instructions to telephone Los Angeles to secure further details. This call was placed to Los Angeles on the afternoon of March 30, 1953 and at 5:40 p.m. on March 31, 1953, a return call from Los Angeles supplied some additional information. In view of the nature of the matter, involving contradictory statements by the two agents, the further review of the summary memorandum was assigned to SA Supervisor William E. Leishear. The memorandum as now written was submitted under date of April 3, 1953, SA Leishear being unable to handle it sooner because of other matters including items on the Director's special list. Unit Chief was unable to read this memorandum for approval before the last messenger run on Friday, April 3, 1953, but did review and approve it on Saturday, April 4, 1953.

I recommend letter of censure to Morrell for delay

During the course of my inspection of the Investigative Division, which began on April 7, 1953, and concluded May 25, 1953, the above-captioned Special Agent participated as an aide. He handled all phases of the inspection relating to the following matters.

1. Extortion and White Slave Traffic Act Desk.
2. Theft of Government Property, Crime on Government Reservation, and Maritime Matters Desk.
3. Criminal Informant Desk.
4. Veterans Administration Matters.
5. Civil Suit Desk.
6. Federal Reserve Act.
7. Selective Service Desk.
8. Special Inquiries for White House Desk.

He satisfactorily performed his duties and the following pertinent comments are offered: Morrell, although a comparatively new Bureau supervisor, showed forcefulness and good judgment in handling his assignments. He is ambitious and enthusiastic and he showed a good attitude on the inspection which was best illustrated by suggestions he made for improvements in the handling of Bureau work.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee DONALD C. MORRELL Title SPECIAL AGENT
Administrative Division, Personnel Section Rating Period: from 3/13/53 to 5/13/53

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

DONALD C. MORRELL
Special Agent
Administrative Division

This is a 60-day Special Performance Rating report on SA Morrell, who reported to the Administrative Division on transfer from the Washington Field Office March 16, 1953. Since his assignment at the Seat of Government, Agent Morrell has been assigned to the Administrative Division and to the Administrative Summary Unit of the Personnel Section. During the past 60 days, Mr. Morrell spent approximately 1 month on special assignment assisting in the inspection of the Investigative Division. During the remaining period, he has been handling a variety of administrative action matters involving the preparation of summary memoranda with recommendations for administrative action and the preparation of administrative action.

Agent Morrell has a very satisfactory personal appearance and manner, is a willing worker and has displayed an excellent attitude. He has performed considerable voluntary overtime and willingly accepts any and all assignments given him. He has displayed intelligence, and while he was completely unfamiliar with the policies and procedures applicable to the handling of the work in this unit, he has made a very sincere effort to familiarize himself with these matters. As is to be expected during the period he is becoming acquainted with the requirements relating to his new duties, some of his memoranda and letters have required revision from time to time. However, he has shown definite improvement during the time he has been working in this unit.

It is felt that he has the ability and will continue to improve as he gains the necessary experience and there appears to be no reason at this time to indicate that he is not capable of satisfactorily carrying out his present assignment.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee Morrell, Donald C.Title Special Agent SupervisorRating Period: from 4-1-53 to 3-31-54

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.
 So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

Dear Mr. Morrell:

Your suggestion of December 18, 1953, concerning the re-use of serial markers and the use of distinctively colored slips to indicate special file requests has been brought to my attention. You will be interested in knowing that your ideas have been given careful consideration by the Bureau and it is not felt that they should be adopted.

SA Morrell, who entered on duty as an agent on 8/18/47, has been assigned as Special Agent Supervisor to the Administrative Summary Unit of the Personnel Section, Administrative Division, since 3/16/53. He is presently in Grade GS-12 at \$7440 per annum, and is eligible for reallocation to GS-13 on the basis of his completion of one year of supervisory service.

SA Morrell's Bureau record, both in the field and at the Seat of Government, has been outstanding. No disciplinary action has been taken against him to date. On 11/22/49, he was commended for his work in a mail fraud case involving [redacted] and on 4/24/50 he was awarded a medal for having fired a perfect score on the Practical Pistol Course.

His overtime for October, 1950 was 2 hours 10 minutes; November, 1950, 2 hours 31 minutes; December, 1950, 1 hour 56 minutes; March, 1952, 1 hour 07 minutes; August, 1952, 1 hour 18 minutes; April, 1953, 2 hours 04 minutes.

Since 1950 his annual performance ratings have all reflected that his services were excellent or above average and, as indicated in his 1954 report, his work as a supervisor at the Seat of Government indicates that he has ability, a proper attitude, and should continue to advance in the Bureau's service. He is available for general or special assignment.

RECOMMENDATION OF THE ADMINISTRATIVE DIVISION:

It is recommended that SA Morrell be reallocated to Grade GS-13 at \$8360 per annum.

PERSONNEL ADVANCEMENT

SA Morrell has been an agent since 8/18/47, and served in three field offices prior to his transfer to the Administrative Division on 3/16/53. His entire Bureau career has been above average, indicating that he is intelligent, capable and loyal.

Since 3/16/53, he has been assigned to the Personnel Section of the Administrative Division where he has handled primarily disciplinary matters. He rapidly assimilated the rules and applicable policies relating to this type of work and both the volume and quality of his production have been above average. In recent months he has handled a number of very important and complicated administrative matters and his work has reflected his ability to analyze facts and set them forth clearly and succinctly.

He has a very satisfactory personal appearance and manner, his attitude has always been excellent, he is able to get along well with fellow employees, and it is felt that he has both the ability and disposition to continue to advance in the Bureau's service and with a year or two of additional experience at the Seat of Government should be able to handle the responsibilities of an Assistant Special Agent in Charge in one of the smaller divisional offices.

Mr. Morrell was reallocated to Grade GS-13, effective 3/28/54. He is available for general and special assignment and interested in advancement in the Bureau's service, but at the present time his wife is expecting confinement in the very near future.

As you have been previously advised, SA Morrell telephonically informed SA Supervisor [redacted] on Saturday morning, 5/1/54, that his wife had given birth to a baby Friday night which had died almost immediately. It has subsequently been ascertained that an autopsy disclosed the baby had suffered a cerebral hemorrhage which apparently caused its death.

b6
b7c

On Sunday, 5/2/54, Mrs. Morrell developed difficulty breathing and after a consultation of specialists surgery was performed, at which time her uterus was removed and found to be torn. Considerable blood had accumulated and it was thought that this had caused an intestinal block and the breathing difficulty. Mrs. Morrell is at the Prince Georges County Hospital. Her doctor advised SA Morrell that it might be two or three days before her breathing difficulty will be cleared up following the operation. Upon telephonic inquiry at the hospital by SA Morrell on the morning of 5/3/54, he was informed that her condition was fair. When he left her on Sunday night at about midnight, she was conscious and in Morrell's opinion in fairly good condition considering what she had undergone.

SA Morrell is on annual leave and he was told to remain away from work just as long as he desires. SA F. D. Herford's wife is assisting Morrell in caring for the two children and Morrell advised that he expects his wife will be hospitalized for at least two weeks and in the meantime his mother will come to assist them.

Arrangements have been made for flowers to be sent to Mrs. Morrell at the hospital in behalf of the Administrative Division. An appropriate letter to SA Morrell is being sent through separately today.

This matter will be followed closely and any further developments reported.

DONALD C. MOHRSUBJECT: SAC SUMMARIES
COMMENDATION MATTER

On Friday, June 25, 1954, the Personnel Section was advised that 19 Special Agents in Charge and one Assistant Special Agent in Charge were to report to the Bureau on Thursday, July 1, 1954, for a special Kidnaping Conference and that it was necessary to prepare summaries for the Director on all 20 of these men. It was further pointed out that it would be necessary to have these summaries completed by the evening of Tuesday, June 29, 1954, in order that they might be approved and ready for the Director's use on June 30, 1954. The preparation of these summaries is a rather difficult and technical matter since many statistics must be compiled, many of these being secured from other Divisions. The summaries must conform to a specific format using a number of headings and most of the summaries ran between 10 and 18 pages in length. Of course, the most meticulous care is necessary in the preparation of such summaries in order to insure that each of hundreds of figures is absolutely correct and that all information is double checked for accuracy. Thus, there is a tremendous amount of work involved in the preparation of each summary.

Although these summaries are handled in the normal routine of business by two or three Agents in the Section, in this instance it was necessary to assign at least one summary to each Agent in the Section in order to have them prepared by the deadline. A number of the Agents had not prepared such summaries before and were completely unfamiliar with the format, requirements as to captions, or the necessary information to be included and had to work from tickler copies of past summaries and such oral instructions as were necessary.

All of the Agents in the Section willingly accepted this task although it was in addition to their normal work and through the wholehearted cooperation of them all of the summaries were submitted by the evening of June 29, 1954. This was a tremendous task, particularly in view of the present heavy workload in the Personnel Section and the fact that all of these summaries were submitted by the deadline indicates a splendid attitude on the part of all of the Agents who took part in this project.

The preparation of so many summaries in such a short period, of course, also created a stenographic problem and it was necessary to secure the assistance of stenographic employees from other sections. Misses [REDACTED] and [REDACTED] of your office performed voluntary overtime in this connection. It was also necessary for all of the Stenographers in the personnel Section to work on the summaries and all of these girls very willingly contributed a considerable amount of overtime on the evening of Monday, June 28, 1954, in order to insure the summaries were prepared by the deadline. Although this overtime was claimed as compensatory leave no leave has been taken.

The amount of overtime each Stenographer contributed voluntarily is listed below:

In connection with these summaries it was necessary to prepare a brief of the personnel file of each SAC and ASAC, which were prepared by the Personnel Briefing Clerks under the supervision of Miss [redacted]. A number of these Clerks voluntarily came in on Saturday, June 26, 1954, in order to have the briefs prepared promptly. Although the majority of the overtime has been claimed as compensatory leave none of this has been taken.

The names of these employees, with the amount of voluntary overtime contributed, are listed below:

<u>Name</u>	<u>Saturday</u>	<u>Sunday</u>	<u>Monday</u>
[redacted]	2! 35"		
	5! 20"		
	4! 05"		
	5! 35		
	3! 35		
	2! 55		
	2!		
	6! 30"	5! 20"	2! 55"

It is felt that the splendid attitude displayed by all of these employees in voluntarily putting in overtime in order to get these summaries out is commendable. It is felt that the Agents, particularly those who were not previously familiar with the manner of preparing the summaries, did an excellent job in getting them out by the deadline despite the many difficulties involved.

RECOMMENDATION:

In view of the large number of employees involved it is recommended that individual letters of commendation not be directed to each employee but that a copy of this memorandum be placed in their files. I wish to particularly call attention to the fact that Special Agent Supervisor W. S. Tavel, Miss [redacted] Clerical Supervisor of the Personnel files briefers, and Miss [redacted] Secretary to the Personnel Office and supervisor of the Stenographers did an outstanding job in coordinating the agent, stenographic and typing assignments and the personnel files briefing which were involved in this important special. This performance on the part of these three

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.
So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

- ✓ (1) Personal appearance.
+ (2) Personality and effectiveness of his personal contacts.
+ (3) Attitude (including dependability, cooperativeness, loyalty, enthusiasm, amenability and willingness to equitably share work load).
✓ (4) Physical fitness (including health, energy, stamina).

+ (7) Judgment, including common sense, ability to arrive at proper conclusions; ability to define objectives.
+ (8) Initiative and the taking of appropriate action on own responsibility.
+ (9) Planning ability and its application to the work.
+ (10) Accuracy and attention to pertinent detail.
+ (11) Industry, including energetic consistent application to duties.
+ (12) Productivity, including amount of acceptable work produced and rate of progress on or completion of assignments. Also consider adherence to deadlines unless failure to meet is attributable to causes beyond employee's control.
+ (13) Knowledge of duties, instructions, rules and regulations, including readiness of comprehension and 'know how' of application.
0 (14) Technical or mechanical skills.
0 (15) Investigative ability and results:
 0 (a) Internal security cases
 0 (b) Criminal or general investigative cases
 0 (c) Fugitive cases

SA Morrell recently completed 2 years of service in the Administrative Division and he has been assigned to the Administrative Summary Unit of the Personnel Section during the entire rating period. His duties have consisted chiefly of reviewing mail and preparing summary memoranda and correspondence in connection with disciplinary matters and other items handled in the unit.

SA Morrell has developed very satisfactorily during the past year and has now acquired the experience which, together with his native intelligence, forcefulness, excellent judgment and unquestioned loyalty to the Bureau, make him a valuable asset to the Administrative Division and to the Bureau. He has a very satisfactory personal appearance and manner, gets along well with fellow employees and he handles his assignments rapidly and yet accurately and thoroughly. He displays a commendable attitude, carries an equitable share of the work load and on numerous occasions during the rating period has placed the Bureau's welfare above his personal convenience.

SA Morrell is a qualified inspector's aide and has assisted in an inspection in the past but not during the past year. He is an excellent dictator and does a great deal of it. He is in satisfactory physical condition and has demonstrated his capability of performing well under pressure. He has had no opportunity to testify during the rating period.

SA Morrell's work during the rating period has been above average both as to quality and volume and he is capable of further advancement along administrative lines in the Bureau's service.

During the current heavy increase in the volume of disciplinary matters being handled by this unit due to the program to reduce errors in reports SA Morrell who is experienced in this type of work has displayed an outstanding attitude as reflected by the large volume of work he has turned out, the hours he has worked and the capable manner in which he has handled complicated as well as less involved problems.

As an instance of his excellent attitude you will recall that the other day he voluntarily cancelled three days of annual leave which had previously been approved for him during the time that his mother was visiting him from out of town. This action on the part of SA Morrell is indicative of his generally loyal service to the Bureau.

It is recommended that a letter of commendation be directed to SA Morrell for his fine attitude.

For the past two and one-half years, Dr. Milton Cobey, orthopedic surgeon, 1726 I Street N. W., Washington, D. C., has been treating [redacted] of SA Morrell, for a curvature of the spine. This has necessitated the wearing of a special orthopedic corset, physio-therapy, and continued examinations and x-rays.

Because the condition has not been satisfactorily progressing, Dr. Cobey requested SA Morrell to consult with him, which was done on Saturday, 8/6/55. The most recent x-rays, taken 8/3/55, indicated a curvature in the lower portion of the spine and one in the middle region. Neither is corrected with the use of a lift on the shoe. Accordingly, Dr. Cobey stated that more stringent means of correcting the curvature are now necessary. He advised that a new type corset with a pull-over steel brace is necessary for the next four months, and at the expiration of that time more x-rays will be taken. If satisfactory progress is not made by that time a spine fusion operation will be necessary. This will mean that [redacted] will be placed in a cast from neck to hips for a period of about one year. During this time operations will be undertaken through windows cut into the cast to fuse certain vertebrae to remove the curvature. It is expected that this entire project will continue throughout the next two years.

The foregoing is furnished for information purposes.

This is to advise that on 4/9/56 SA Supervisor Donald C. Morrell, Administrative Division, was offered a nomination for Vice President of the Woodlawn Elementary School PTA, Arlington, Virginia. This office entails occasional substitution for the President of the PTA in conducting the monthly PTA meetings and also attending an occasional meeting of the Arlington County Council of PTAs. These meetings are at night and in no way would interfere with SA Morrell's work.

It is requested that SA Morrell be granted authority to accept this nomination which in the past has been tantamount to election. He would serve during the school year 1956 and 1957.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

**INTERCHANGE OF SPECIAL AGENT PERSONNEL
IN PERSONNEL SECTION**

Pursuant to the approval of my memorandum of 2-15-56 regarding the reassignments of the three captioned Special Agent Supervisors for additional training and development purposes, this is to record the fact that Mr. Tavel and I jointly advised the Unit Chiefs of this move and thereafter individually interviewed the agent supervisors who are being reassigned and explained to them the move and purpose of the same.

All three of the agents exhibited excellent attitudes and are looking forward to these reassignments as real challenges and additional opportunities for more and varied experience.

The moves are scheduled to begin Thursday, February 23, and it is expected that they will be completed by Monday, February 27.

This is submitted for record purposes only. The necessary changes in the Assignment Chart will be made when it is next printed.

**INTERCHANGE OF SPECIAL
AGENT PERSONNEL IN
PERSONNEL SECTION**

As you know, we have in the past assigned Agent Supervisors in Personnel Section to various units from time to time in an effort to broaden their experience and make them better qualified for advancement.

b6
b7c

It appears that an interchange of Agent personnel among several of the units would be advantageous at the present time. SA Thomas J. Nally has been assigned to the Personnel Section since 2/23/52 and during all that period has worked with [redacted] in the Veterans' Counseling and Clerical Promotion Unit. He handles primarily clerical promotion and odd-hour shift matters. SA [redacted] has been assigned to the Personnel Section since 3/2/53 and has been assigned continuously during that period to the Employees Procurement and Placement Unit. SA Donald C. Morrell has been assigned to the Personnel Section since 3/16/53 and has been continuously assigned during that period to work with SA [redacted] in the Administrative Actions Unit on disciplinary matters.

All three of these agents have performed capably in the work to which they have been assigned and it is felt that all three have above-average potential for administrative advancement. It is felt that it would be definitely to their advantage to change their assignments in order to afford them experience in other phases of the work of the Personnel Section. SA [redacted] is a veteran, is aggressive and it is felt that he would be ideally suited to work with [redacted] in the Veterans' Counseling Unit. Mr. Morrell has proved to be capable of turning out a large volume of work rapidly, accurately and efficiently and it is felt that in view of the volume type of work load in the Employees Procurement Unit, he would be well suited to assignment with [redacted] in that unit. It is felt further that Mr. Nally has shown himself capable of preparing good memoranda, analyzing complicated sets of facts and it is felt that he would benefit from experience in disciplinary matters.

Not only will the three individual Agents benefit from such an interchange, it is felt that this would have a stimulating and

invigorating effect in providing them with new assignments and the challenge of learning new duties. In this way it is felt that the section would also benefit.

Since the New Agents' Class which convenes March 5, 1956, must be filled, it is not felt that this interchange should be effective prior to March 1. However, it is desirable that it be effective in time for SA Morrell to become familiar with the duties of the Employees Procurement Unit prior to the large volume of work attendant upon the increased recruitment program which will undoubtedly come in May and June.

RECOMMENDATIONS:

1. That effective 3/1/56 SA Morrell be assigned to the Employees Procurement and Placement Unit.

2. That SA be assigned to the Veterans' Counseling Unit. b6
b7c

3. That SA Nally be assigned to the Administrative Actions Unit.

NARRATIVE COMMENTS

Note: The regulations require that OUTSTANDING ratings be supported by a statement in writing setting forth IN DETAIL the performance IN EVERY ASPECT and the REASONS for considering each worthy of SPECIAL COMMENDATION. UNSATISFACTORY ratings must be supported by a statement in writing stating (1) WHEREIN the performance is unsatisfactory, (2) the facts of the (90 day) PRIOR WARNING, and (3) the efforts made AFTER THE WARNING TO HELP the employee bring his performance up to a satisfactory level.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving special commendation).
✓ Satisfactory (ranging from good to excellent but not sufficient to rate outstanding).
- Unsatisfactory.
○ No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

An 'Outstanding' rating cannot be justified unless all elements rated are 'plus', and in addition, of course, supporting comments must comply with the requirements as set out on the reverse of form FD-185.

So far as 'Satisfactory' and 'Unsatisfactory' ratings are concerned, it is impossible to provide a mechanical formula for computing the various 'plus', 'check', and 'minus' marks because such would presume equal weight for all elements rated. Good judgment must be exercised to insure that the adjective rating is reasonable in the light of the elements rated. All minus marks must be supported by narrative detail, and of course, all 'Unsatisfactory' ratings must comply with the requirements as set out on the reverse of form FD-185.

PART I GENERAL COMMENTS

SA Morrell presents a very satisfactory personal appearance, has a pleasing manner and gets along well with fellow employees. He is intelligent and has the ability to quickly analyze complicated factual situations and recognize the problems involved. He has also demonstrated outstanding common sense and a considerable familiarity with Bureau policies as they apply to the matters he has handled.

During almost the entire rating period he was assigned to the Administrative Summary Unit where his duties consisted chiefly of reviewing mail and preparing summary memoranda and correspondence in connection with disciplinary matters and other items handled in the unit. Since February 23, 1956, he has been assigned to the Employees Procurement and Placement Unit. SA Morrell has displayed a commendable attitude during the rating period, carried an equitable share of the work load and on a number of occasions sacrificed his personal convenience for the benefit of the Bureau. He is in excellent health, has demonstrated his ability to perform well under pressure and he is available for general or special assignment.

During this rating period he was commended for his exemplary performance in handling a greatly increased work load in the Administrative Summary Unit as well as his voluntary offer to cancel his previously approved annual leave in order to assist in the expeditious handling of the work on hand.

PART II SPECIFIC COMMENTS

1. Justification for Any Minus Ratings Given

Not applicable.

2. Experience and Ability as Inspector's Aide

SA Morrell has been trained and has had past experience in inspection assignments but has not participated in any such assignments during this rating period.

3. Participation in Informant Programs

Not applicable.

4. Testifying Experience and Ability

While assigned to the field SA Morrell has demonstrated his ability to testify in court and has been commended by a United States Attorney in this regard. During the rating period he has had no opportunity to testify.

5. Disciplinary Action

On May 16, 1955, SA Morrell was censured inasmuch as in connection with his preparation of a summary memorandum regarding a Bureau employee he caused a check to be made of the Bureau's files but limited his request to main files only with the result that he did not review certain additional references which were in the files.

6. Accounting Information

Not applicable.

7. Police Instruction

Not applicable.

8. Sound Training

Not applicable.

9. Potentiality for and Interest in Administrative Advancement

SA Morrell is interested in administrative advancement and it is felt that he is fully qualified for such advancement. He has completed three years of service in the Administrative Division during which time his performance has been consistently above average, his attitude and loyalty to the Bureau have been clearly demonstrated and he definitely has the qualities desired of a Bureau executive.

While it is felt that he is fully qualified at the present time to assume the position of an Assistant Special Agent in Charge in a small or medium sized office, it is also felt that he is capable of handling a more responsible position at the Seat of Government.

Ms. Morrell has been doing a splendid job - his interest, enthusiasm, desire to learn, and his overall attitude are a source of real encouragement - he shows excellent promise of becoming more and more valuable to Bureau.

This is to advise that on 3/17/56, a Saturday, SA Morrell received a traffic ticket from an Arlington County Policeman for failure to observe a stop sign. This occurred at around noon at the intersection of Spout Run Parkway and Lorcum Lane in Arlington while he was taking his daughter for a visit to the doctor. SA Morrell did not see the stop sign and, as there was no traffic coming, he rolled across the street with the stop sign and entered the parkway. However, the waiting policeman did and gave SA Morrell a ticket which he immediately paid that day in the amount of \$8.25.

SA Morrell fully realizes the responsibility to report the receipt of traffic tickets promptly and had every intention of doing so. However, since the violation occurred on a weekend and on reporting for duty the following Monday and being involved in a new assignment which occupied every bit of his attention, he can only say he forgot to submit a memorandum. He sincerely regrets this omission. It did not again come to his attention nor did he give it further thought until on 4/27/56 he was filling out the forms regarding motor vehicle operations by Government employees when the fact that he had not yet reported the ticket came to his attention.

|| This is the only traffic ticket SA Morrell has ever received in 20 years of driving.
